HAPPY 2016 TO ALL

Your board members are:

There are many committees and a volunteer working tirelessly for our club's enjoyment - if you can offer a few hours of your time to help that is always appreciated. The board is open to suggestions regarding: games you would like to play, classes you would like us to offer, social events, and other activities that you may have experienced, in other clubs, that would add to our membership and general well-being.

Thank you to all the participating members - bring a friend and let's work at building a strong club for the future!!
