

HAPPY NEW YEAR

Welcome to 2023. This is a year where I hope we can return to as normal club operations as possible.

A few notes regarding this month's games.

1. Virtual on-line games.

-This month is Junior Fund Month. As a result, the on-line games from Jan. 9 to Jan 15 will be an extra dollar per person, but will pay double master points.

2. Face to face games. At the club Jan 9 to 13 will be membership games. These will not cost extra but will pay extra master points. To be eligible to win points you must be an ACBL paid up member.

3. The Women's Two session teams in the calendar book will be pairs games.

4. The team game on January 30 will be a unit championship.

I hope that our members return to face to face club play in the new year. There are 40 or 50 members who attend regularly (at least once a week). This is not enough to support our operations over the long run. The next few months will tell if we will return to the vibrant club we were before the COVID pandemic, or if we will eventually become another victim of the pandemic. The choice is in your hands.
